D.A.T.A.
ROUNDTABLE SERIES

About Data and Tech Aid (D.A.T.A.)

D.A.T.A. are a community formed of individuals and businesses with roots in data & analytics and technology. Our aim is to mobilise those communities to come together and raise money and awareness of humanitarian causes. **Together we can achieve more**.

Raised over £100k for charity & humantarian efforts

Secured support from data leaders, tech innovators & industry influencers

Built a concentrated following, committed achieve our objective

The opportunity

Gain access to our dedicated data leaders' community through the D.A.T.A. Roundtable Series. Join this unique forum where data leaders share tips, tricks and practical advice on a variety of topics from data governance to data culture. Take advantage of:

- An exclusive opportunity
- Access to industry-leading chief data officers and data leaders
- Co-hosted with your brand

Done for you: D.A.T.A. will facilitate and structure a session with a renowned data thought-leader as chair. The sessions will address key challenges, opportunities and innovations facing these leaders in a variety of settings.

D.A.T.A. delivery:

Extraordinary co-created guest list of end user influencers

Provide deep credibility and tangible takeaways, facilitate the discussion by a renowned data leader

Personalised introductions to 10 data leaders
